Meeting & Continuing Education

2021 Annual Roll Review and Board of Review Preparation

Presented by: Shila Kiander

Course Overview:

As assessors there are many administrative items that need to be taken care of before March Board of Review. It is important that assessment administration professionals of the local government unit be informed and prepared. Assessors should also provide the necessary resources for the local Board of Review to do their job. This includes annual reports, analysis and determinations, as well as guidance and bulletins as it relates to the GPTA. This course will review relevant bulletins and guidance published for the 2021 tax and equalization process.

Approved by the STC for 4-hours continuing education.
